

Call for Paper

Warm Greetings from SMART Society, USA!

It is our immense pleasure to invite you to contribute your recent research work for the upcoming issues of **International Journal of Innovative Research in Physics (IJIIP)**.

IJIIP is an international peer reviewed open access journal published by Smart Society, USA with ISSN: 2689-484X (Print) and ISSN: 2687-7902 (Online). IJIIP is a helpful research source for scholars, researchers, students and all academicians. IJIIP publishes research articles in all areas of physics, including (but not limited to) **Condensed Matter Physics, Quantum Information, Astrophysics, Material Sciences, High Energy Physics, Nonlinear Science, Statistical Physics, Mathematical and Computational Physics, Plasma and Fluid Physics, Optical Physics, Nuclear Physics, Biological Physics and Nano Sciences**.

Submissions in IJIIP may cover novel and challenging research works from your laboratory and/or group. **We courteously invite you to submit your research papers, review articles and short notes to our journal.** All submitted papers would be evaluated through a peer review process lead by our review committee.

All communications to be mailed to ijiiophys@gmail.com

For all details please refer to our website:
